

Valentine Editorial Serif

Elegant Editorial Serif Font

Designed by Amorfatype

A refined editorial display serif designed to bring timeless sophistication, luxury, and fashion-forward elegance into modern typography.

About Valentine Editorial Serif

Valentine Editorial Serif is a high-contrast editorial display serif inspired by luxury magazines, premium beauty branding, European editorial design, and contemporary fashion campaigns. It combines graceful contrast with carefully crafted letterforms that feel both classic and modern.

Its elegant proportions, refined details, and expressive letterforms create a sophisticated visual presence. The typeface is designed to turn simple words into refined visual statements for fashion, beauty, lifestyle, and premium branding projects.

About Amorfatype

Amorfatype is an independent type foundry based in Indonesia, founded by type designer **Shiddiq Roihan**. We explore the boundaries of creativity in typography, creating display typefaces that combine contemporary aesthetics with distinctive artistic concepts. From modern serif and sans serif styles to expressive and experimental lettering, our typefaces are designed to bring character, atmosphere, and inspiration to every visual identity.
